Why Learn Spanish?

For your wellbeing:

Learning a second language enhances mental development in children and helps reduce chances of dementia in adults.

Travelers and tourists who learn Spanish can better enjoy their travels to more than 20 countries where Spanish is widely spoken.

To increase your career prospects:

Spanish is the 2nd most spoken language in the world with more than 400 million speakers. (Ethnologue.com)

The Spanish language and culture is fast growing. By year 2050, there will be an estimated 132.8 million Hispanics in the U.S., making up 30% of the population. (U.S. Census).

Learning Spanish in Orange County or San Diego will make you a more competitive job applicant and help you communicate more effectively with Spanish speakers.
